SPANIARDS ENRAGED

Popular Feeling Against the United States Growing in Bitterness.

THE AMERICAN LEGATION GUARDED

Warships Being Made Ready for Immediate Dispatch In the Event of This Country Acknowledging the Cubans as Belligerents.

Madrid, March 2.—Popular feeling here is bitter against the United States because of the action of the senate in adopting a resolution favoring the granting of belligerent rights to the Cuban rebels. The stock market has responded to the excitement, and there is a material decline in purely Spanish and Cuban securities. In view of the financial difficulties under which the government is laboring, this is a most unfortunate time for Spanish securities to decline in value. The action of Admiral Herenger, minister of marine, in ordering the speedy preparation of six warships and some of the naval reserve vessels of the Spanish Transatlantic company for dispatch to the Bahama channel meets with hearty approval. It is very evident that, despite Prime Minister Canovas del Castilio's declaration on Saturday that if President Cleveland should be compelled to endorse the action of congress it would not provoke an international conflict nor interfere with the friendly relations existing between Spain and the United States, the government is doing its utmost to prepare against any possible contingency.

Will Defend Her Rights.

The prime minister said last evening: "I trust that Cleveland will veto the formal resolution of Congress, and I have more reason to trust that he will not comply with the recommendations contained therein." He added: "The granting of belligerent rights to the Cuban rebels is not casus belli, but Spain shall declare that it is not the act of a friendly nation. I do not think that Spain is threatened by foreign aggression, but measures shall be taken for the defense of Spanish rights, chiefly in Cuba. As regards demonstrations in the streets here I shal repress them severely if they are attempted."

Insults Offered to Spain.

Senor Silvela, leader of the dissident conservatives, has, in an interview, advised the union of all Spaniards without regard to their political faith. He added that the act of the American senate was without precedent in international law. He greatly feared, considering the bad faith of the Americans, that they gave belligerent rights a different meaning than is described in international law. An interview was also sought with Senor Casteiar, the republican leader, but he refused to speak on the subject, as he considered the circumstances to be of the most serious nature. The Duke of Tetuan, minister of foreign affairs, has sent a long cable dispatch to Senor Dupuy de Lome, Spanish ambassador at Washington, instructing him to present to the American government a formal reclamation against the insults offered to Spain in speeches delivered in the senate during the discussion of the belligerency resolution.

American Legation Guarded.

At several of the cafes here last night bands played patriotic airs, which evoked much cheering and enthusiasm. Occasionally cries could be heard against America and the Americans. The troops are confined to their barracks, in readiness to respond to any call for their services. This morning the city was quiet, but the public buildings, the American legation and the residence of Minister Taylor were guarded, the authorities fearing that in the present state of public excitement an attack might be made upon them.

Getting Warships Ready.

In addition to the warships Peleyo, Vizcaya, Oyuendo, Maria Teresa Lepanto and Alfonso XIII., the ministry of marine has ordered that several torpedo boats and one torpedo catcher be made ready for immediate dispatch in the event of the United States acknowledging the Cubans as belligerents. Dispatches from Barcelona state that an attack has been made upon the United States consulate in that city, notwithstanding the fact that the building was guarded. During the day a procession comprising 10,000 persons, headed by four republican members of the chamber of deputies, paraded through the principal streets of the city as a demonstration against the action of the American senate. A strong guard had been placed about the American consulate in anticipation of trouble. As the procession passed it there was some derisive whistling, interspersed with cat-calls and other tokens of disapproval. Some of the police and gendarmes succeeded in driving them away, but not until they had been forced to charge upon the mob with drawn sabres. While this trouble was going on the main body of the procession continued its march to the town hall, where the leaders of the demonstration handed to the mayor a strongly worded protest against the action of the American senate and also against the speeches that had been delivered therein on the Cuban question, it being declared that some of the speakers had grossly insulted Spain and the Spanish government in defending Cuban bandits and outlaws.

Stoned the American Consulate.

Subsequently a great crowd assembled in the Plaza Cataluna, and a number of patriotic speeches were delivered. The crowd became greatly excited by the burning oratory of the speakers, and after the meeting had broken up a large number of those who had listened to the words glorifying Spain and denouncing the United States proceeded to the American consulate, where they gave vent to their patriotism by stoning the building, much to the damage of the windows thereof. As in previous mob demonstrations in Barcelona, the police were almost impotent to disperse the rioters, who did about as they pleased. After this outrage on the flag of the United States, the mob become more violent, and a proposition to make a further demonstration against the American consulate was speedily acted upon. The mob proceeded to the consulate, in the meantime arming themselves with stones. Arrived at the consulate, a perfect volley of missiles was directed against the shield over the doorway bearing the American coat-of-arms, which was battered almost to pieces. The mob in some way became possessed of several American flags, which were destroyed with ribald jests and expressions of contempt for the nation which they represented. The situation was becoming more and more threatening, when reinforcements for the guards at the consulate arrived in the shape of a detachment of mounted gendarmes. The crowd was ordered to disperse, which they sullenly refused to do, whereupon the gendarmes charged them with drawn swords and put them to flight. Several of the rioters were injured by being trampled upon by the horses. Until a late hour the boulevards were thronged by an excited crowd singing the "Marseillaise" and patriotic Spanish songs.

Arming Merchant Vessels.

Admiral Beranger has ordered that the training squadron be be held in readiness for service. Its probable objective point is Cuba. Fifty merchant ships will receive armaments and will be used as transports or cruisers should the necessity arise. Several captains in the merchant service have offered to arm their vessels and turn them into privateers in the event of war. A captain in Barcelona has informed the government that if he be granted letters of marque he will fit out and maintain at his own expense a swift steamer to prey upon the maritime commerce of the United States.

Cubans Thank Senator Sherman.

Paris, March 2.—Senor Betances, a Cuban agent in this city, states that the recognition of the Cubans as belligerents by the United States would ensure their speedy triumph, and that the revolution would end in three months. Several Cubans here have cabled their thanks to Senator Sherman for his advocacy of the Cuban cause.

TO STRENGTHEN HER NAVY.

Great Britian's Plans Will Stir Germany to Action.

Berlin, March 2.—The emphatic declarations recently made by Freiherr Marschall von Bieberstein, minister of foreign affairs, that the government has no intention of making any increased demands for the purpose of strengthening the navy have failed to convince members of any political party that the idea of the enlargement of the navy has been abandoned. It is clearly understood that the emperor is determined to obtain an enlarged naval estimate, and the hope is entertained in official quarters that the disclosures in regard to British naval plans made by George J. Goschen, first lord of the British admiralty, in his speech at Lewes, together with his insulting allusions to Germany, will so thoroughly excite the indignation and resentment of the members of the reichstag as to cause them to grant any increase of the naval estimate that may be demanded.

Barley from the United States.

It is stated that a firm in Montana has contracted to ship to Germany 2,500,000 bushels of barley, and if the venture pays the men in the deal they will ship a much larger consignment of Minnesota barley. The Berlin Nachrichten makes the statement that the revised decree in regard to American insurance companies shows a clause declaring that all United States companies will be locked out of Prussia unless the German companies are granted equal facilities with other companies doing business in the United States. This implies that New York state must repeal its recent legislation affecting German companies.

Ailsa in Seventy Feet of Water.

New York, March 1.—The Atlas line steamer Ailsa, which was sunk Saturday by the French liner Bourgogne, lies in about seventy feet of water southwest of Fort Hamilton, 300 yards from the shore with her masts and the top of her funnel above water. A small boat with a diver is examining the wreck. The steamer George W. Clyde is still ashore, stern first, high up on the beach near Owls' Head, with several of the Chapman wrecking boats alongside taking out cargo.

WEEK IN CONGRESS

The Dupont Case To Come Up in the Senate Wednesday.

DEBATE MAY LAST TWO WEEKS

Struggle To-Day Over the Arkansas Land Matter—The House Soon To Take Up the Senate Cuban Resolutions.

Washington, March 1.—The coming week will inaugurate the discussion on a question of the highest privilege in the senate—the title to a seat in the body. Mr. Mitchell, chairman of the committee on privileges and elections, gave notice Friday that he would call the Dupont case up Wednesday at 2 o'clock. Mr. Mitchell, will make the opening speech and will be followed during the week by Mr. Turpie of Indiana for the democrats, and Mr. Pritchard of North Carolina for the republicans. The chairman of the committee is of the opinion that the debate on this subject will not last longer than ten days, or, at the outside, not to exceed two weeks. To-day there is every probability of the senate locking horns over a matter against which there appears to very determined opposition in the senate. It is the bill unanimously reported by the senate committee on public lands to approve a compromise and settlement between the United States and Arkansas. The agricultural bill will also be called up to-day by Mr. Cullom, who has it in charge. Inasmuch as there has been no amendments to the legislative features of this bill, as it came from the house, it will probably be passed in one afternoon. During the week it is not unlikely that Mr. Teller of Colorado may make his promised speech on the tariff-silver question, in which he will explain the stand he has taken and the reasons for his recent opposition to the tariff bill. Beyond this there is no programme for the week.

House of Representatives.

There is so general a demand for action on the senate Cuban resolutions, that the managers of the house of representatives have consented that as soon as the legislative, executive and judicial appropriation bill, the pending unfinished business, has been disposed of, Cuban resolutions shall be the next order. How much time will be devoted to their consideration is as yet undecided. At least a dozen members have expressed to Mr. Hitt, chairman of the committee on foreign affairs, a desire to speak, and it is probable that at least a full day's session will be occupied by the debate. Following the Cuba resolutions the postoffice appropriation bill will be taken up in the house, and this it is expected will practically exhaust the remainder of the week.

U. S. SUPREME COURT.

A Number of Important Opinions Expected To-day.

Washington, March 2.—After a recess extending over a month the supreme court of the United States will reassemble to-day for the last session of the term of 1895. The meeting will be the occasion for the announcing of opinions in a large number of important cases which have been prepared during the recess. It is expected that at least fifty cases will be disposed of to-day, and among them may be the famous Stanford case which was argued by J. H. Choate and Solicitor General Conrad in the last week of January. Other cases of great importance in which the judgment of the court may be looked for are the habeas corpus proceedings by T. F. Brown, auditor of the Allegheny Valley Railroad company, involving the validity and force of the amendment of the interstate commerce law protecting witnesses who testify as to violation of the statute; the irrigation cases from California; the habeas corpus proceedings from Texas, involving the question whether or not participants in the Garcia movement in Mexico in 1892 were political offenders or ordinary criminals and amenable to the extradition laws.

Killed by a Powder Blast.

Wilkesbarre, Pa., March 2.—Hugh J. Williams, aged 31, was killed on Saturday night by an explosion of gas in the Franklin mine; John W. Jones was seriously injured, and Daniel Baker was slightly bruised by flying rock. The explosion occurred in a tunnel where men were blasting rock. In tamping the powder ignited, causing the blast to go off sooner than expected.

Efforts To Redeem Friedman.

A well-known Baltimore prelate, who was an intimate friend of the absconding lawyer Fritz Friedman before his fall has offered to support him and to make an attempt to effect his social redemption. If Friedman is released in Bordeaux, as he likely will be, he will sail at once for Baltimore.

Reduced to One Cent.

New York, March 2.—James Gordon Bennett has reduced the price of the Evening Telegram, which is the evening edition of the Herald, to one cent. The reduction takes effect to-day.

EVA BOOTH HISSED

Frigid Reception for the New Commissioner in New York.

FIRST APPEARANCE IN AMERICA

Her Efforts To Suppress an Uprising of the Salvation Army in Newark Also Meet with Disaster—Statement by Ballington Booth.

New York, March 2.—Commissioner Eva Booth, the new commander of the Salvation Army, made her first public appearance in this city at a meeting in Cooper Union last night, and the reception she received from the 4,000 persons present was distinctly unfriendly. She was hissed as she walked through the line of staff officers to the front of the platform, and again, in spite of the appeals of two previous speakers for fair play for her, the opening words of her address were greeted in like fashion. The hissing was not general but came from all parts of the hall and was only silenced by the rattling of the big drums.

Rebellion Breaks Out at Newark.

Newark, N. J., March 2.—Commissioner Eva Booth of the Salvation Army came here last evening with the intention of quelling a revolution which is alleged to be budding in the local corps, but when she appeared in the hall she was hissed by an audience of about 1,500 people. Col. Nicol, who accompanisd her, was jeered, while cheers were given for ex-Commander Ballington Booth. The local soldiers wore American flags pinned to their breasts. Ballington Booth sent word from Montclair last night not to revolt, and the captain of the corps restored order after Miss Booth had returned to New York.

WILL LEAD A NEW MOVEMENT.

Ballington and Mrs. Booth's Promised Statement Made Public.

Montclair, N. J., March 2.—Commander and Mrs. Ballington Booth have issued the following statement to the press: "Being continually pressed upon all sides to state definitely the action we shall take in the future, we now desire to make known our present position. First. We did not wish it said that we had taken the Salvation army: that we had, through ambition, swept the organization in this country out of the general's hands, or that we had taken property which we had acquired while owing allegiance to him; furthermore, we did not want to influence those under his authority through their loyalty and steadfastness to us, nor have it said that we had proved faithless to a trust reposed in us so far as administration was concerned. We had no alternative but to accept our dismissal, which closed our relationship and negotiations with London. Since then we have allowed those in authority full scope, neither appearing in public nor counselling any beneath their command to leave.

Will Head a New Movement.

"Second. We cannot, however, close our eyes to the fact that we have another allegiance: we are not our own and cannot dispose of our lives and influence to please ourselves. God has called us to work for him. We dare not, therefore, remain idle. We have also at heart the interest of our country which called so loudly to us to continue in action. Seeing that the people of the United States of America, in an urgent and unmistakeable manner, have voiced their desire that we should inaugurate a movement affording us an opportunity to continue our labors for the uplifting of the unchurched and unchristian people of our country, and as there appears to us to be no alternative between this course and retiring from public service, we have decided on the former action. It is furthest from our desire that such a new and independent movement should be hostile to the one we have labored so long and so hard to upbuild. The United States, with its vast and ever-increasing population, should offer ample room for such effort without any uncharitable warring.

Small Beginning Expected.

"Third. It would be premature here to decide upon the details of our future labor. We seek above all else God's leading. An organization cannot be formed in a day, and one that owns Christ as its head cannot be formulated on the opinions and enthusiasms of the moment. We shall probably have a small beginning and gain step by step. Fourth. We shall assuredly, under any circumstances, stand for the principals we have hitherto upheld, having for our aim the saving of souls.

"BALLINGTON BOOTH,
"MAUD B. BOOTH."

Statement to Their Friends.

In an open letter to friends all over the United States the Booths say they were forced out of the army by action of the International headquarters, an action of haste and coercion. "Oh! none will ever know, dear friend, the darkness of sorrow and the agony of disappointment with which we went out of our beloved national headquarters with the stinging words and threatened curses upon us and our little ones still stabbing our hearts." Concerning the property of the army Ballington Booth says: "We intend as soon as we can legally and properly deed this over to do so, upon the understanding that it be thoroughly secured for the uses and purposes of those who contributed the money and the rank and file of the Salvation Army. We do not want it."

SPRING FLOODS.

Heavy Rains and Melting Snow Cause Great Damage.

Fort Hunter, N. Y., March 1.—The ice has moved out of the Mohawk river here and the water is very high this morning. In some places the river has overflowed its banks, causing much damage. For miles west, however, the ice is still solid. The lowlands along the stream up the valley are under water and many cellars are flooded.

Gloversville Inundated.

Gloversville, N. Y., March 1.—It has rained here for thirty-six hours, and with the rising temperature and melting snow the city has been nearly inundated. Immense damage has been done by the flooding of houses, barns and cellars. The tracks of the Fonda, Johnstown & Gloversville railroad are covered with two feet of water for nearly three-quarters of a mile. All traffic on the Guyadutta Electric railroad has been stopped on account of the flooding of the car house. The bridges in this city were carried away.

Great Flood at Hudson, N. Y.

Hudson, N. Y., March 2.—The freshet in the Hudson river at this point is the most severe known during the past twenty-five years. Buildings and wharves are flooded. The tracks of the Hudson River railroad are covered with water, and travel north has been discontinued.

High Water at Albany.

Albany, March 2.—The flood at Albany this morning had attained greater proportions than any in years, excepting only that of 1893, when the Hudson was swollen to a height of seventeen feet above the normal flow.

Three Hundred Hands Idle.

Whitehall, N. Y., March 2.—The high water here carried away the flume of the Champlain Silk mill and 300 hands are thereby thrown out of employment.

Greatest Flood Since '57.

Troy, N. Y., March 1.—The water in the Hudson river last night reached the highest point attained since 1857. At 9 o'clock the mark of the memorable flood of 1886 on the bridge pier was lost sight of and the water continued to rise.

Barre, Vt., Flooded.

Barre, Vt., March 1.—Never in the history of Barre has high water done so much damage as in the last twenty-four hours. The heavy rain caused a vast amount of snow to melt and late Saturday night the ice in the river went out with a rush, shaking the heaviest blocks and tearing away many supports along the river bank. This rush of ice threw water in many basements and the occupants had no warning. The water then receded, but rain set in again in the middle of the night, and this morning the streets are submerged.

Rivers Rising in Maine.

Westbrook, Me., March 1.—The Prosumscott river is rapidly rising. It has swollen to the height of twelve feet above the average in twenty-four hours. Two small bridges and a building, occupied as a club room and shoe store, have been carried away, besides the large stone building of S. D. Warren & Co.'s paper mills.

Floods in New England.

Boston, March 2.—Rivers and streams throughout all New England are greatly swollen, and much damage has been reported at many points.

GOV. GREENHALGE'S CONDITION

The Chances Now Favor His Ultimate Recovery.

Boston, March 1.—This morning Private Secretary Thomas received word from Gov. Greenhalge's residence in Lowell that no material change in the governor's condition took place during the night. The governor is holding his own. For several hours the governor hovered between life and death. If he can sustain the change his recovery is assured.

HON. W. W. RICE DEAD.

Ex-Congressman and Brother-in-Law of Senator Hoar.

Worcester, Mass., March 2.—Hon. W. W. Rice, ex-congressman and brother-in-law of Senator Hoar, died at his home here last evening from organic trouble of the heart, aged 70 years. He was the oldest ex-mayor of this city.

Raines Bill and Greater New York.

Albany, March 2.—As has been the condition since the beginning of the session, Greater New York and excise will be the important matters that will engross the attention of members of the legislature this week. The Greater New York bill of Senator Lexow is a special order in the senate for Wednesday. Senator Raines has hopes that his liquor tax bill can be reprinted with the senate caucus amendments and passed this week. It is not believed, however, around the legislative halls that this is possible.

MASSACRE AT BIRIJIK

Over 1,000 Armenians Killed or Converted to Islamism.

NOT ONE CHRISTIAN LEFT TO-DAY

Terrible Tortures Inflicted To Compel the Unfortunates To Give Up Their Faith — Women Carried Off by the Captors.

London, March 2.—The United Press correspondent at Constantinople sends the following regarding the massacres at Birijik, province of Aleppo. Birijik had about 200 Christian houses or say about 1,000 souls in the midst of a Mussulman population of about 9,000 souls. After the massacre at Curfa on October, 1895, the authorities at Birijik told the Armenians that the Muslims were afraid of them, and that therefore they (the Armenians) must surrender to the government any arms that they possessed. This was done, the most rigid search being instituted to assure the authorities that nothing whatever in the way of arms remained in the hands of the Armenians. The disarmament caused no little anxiety to the Armenians, since the Muslim population was very generally armed, and was constantly adding to its arms. In fact, during the months of November and December, the Christians have been kept within their houses because the danger of appearing upon the streets was very great.

Massacres Finally Begun.

Troops were called out by the government to protect the people. Since the soldiers had come to protect the Christians the Christians were required to furnish animals for them to use to carry their goods. Then they were required to furnish the beds and carpets to make them more comfortable. Finally, they were required to furnish the soldiers with food, and they were reduced to a state bordering on destitution by these increasing demands. The end came on the 1st of Jan. 1896, when the news of the massacre of several thousands of Christians at Ourfa by the soldiers appointed to guard them, incited the troops at Birijik to imitate this crime. The assault on the Christian houses commenced at about 9 o'clock in the morning, and continued until nightfall. The soldiers were aided by Muslims in the terrible work. The object at first seemed to be mainly plunder. But after the plunder had been secured the soldiers seemed to make a systematic search for men to kill those who were unwilling to accept Mohammedanism.

Not a Single Christian Left.

The cruelty used to compel men to become Muslims was terrible. In one case the soldiers found some twenty people, men, women and children, who had taken refuge in a sort of cave. They dragged them out and killed all the men and boys because they would not become Muslims. After cutting down one old man who had thus refused, they put live coals on his body, and as he was writhing in torture they held a Bible before him and asked him mockingly to read them some of the promises in which he had trusted. Others were thrown into the river while still alive, after having been cruelly wounded. The wounded and children of this party were loaded like goods on the backs of porters and carried off to the houses of Mussulmans. Christian girls were eagerly sought after, and much quarreling occurred over the question of their division among the captors. Every Christian house, except two claimed to be owned by Turks, was plundered. Ninety-six men are known to have been killed, or about half of the adult Christian men. The others have become Mussulmans to save their lives, so that there is not a single Christian left in Birijik to-day. The Armenian church has been made into a mosque and the Protestant church into a Medresse seminary.

KENTUCKY DEADLOCK.

Hunter's Withdrawal Further Complicates the Senatorial Muddle.

Frankfort, Ky., March 2.—The withdrawal of Congressman Hunter from the race for the senatorship before the deadlock legislature still further complicates the situation. Some argue that it cannot fail to help the democrats. It is not believed that any single republican can control the following which has heretofore supported Dr. Hunter, which furnishes additional ground for the belief that the democrats will profit by his action. Other members of the Kentucky delegation believe that it will cement the republican strength and that if a satisfactory arrangement can be made with the two populist members of the house, a better opportunity is afforded now for the election of a republican senator than at any time since the senatorial fight began.

A. R. Lee's Sudden Death.

Erie, Pa., March 2.—A. R. Lee of the W. L. Scott Coal company of Erie died unexpectedly yesterday at the age of 59 years. Deceased began life as a oil operator and then went into the coal business. In 1876 he joined W. L. Scott in his coal operations and at the time of his death was the western manager with headquarters in Chicago. He leaves a large fortune.

—A dish of water placed in a hot oven where pies, cakes or puddings are being baked will prevent them from scorching.

—An excellent and simple remedy for a sprain is made by mixing the well-beaten whites of six eggs and a half cupful of table salt together. Apply between thin muslin cloths.

—Rice Pudding.—To be eaten cold. One large spoonful of rice, one quart of milk, a pinch of salt, four tablespoonfuls of sugar. Bake very slowly four hours, and flavor with vanilla.—Home and Farm.

—A French method of cleaning kid gloves is to put on the gloves and wash them well in spirits of turpentine, exactly as if washing the hands. The fingers and soiled parts must be well rubbed, and when the gloves are taken off they must be stretched and allowed to dry hanging in a strong current of air.

—Beaten Biscuit.—Sift a quart of flour, add a teaspoonful of salt and a tablespoonful of lard; mix well, and add sweet milk to make a stiff dough. Knead well, and beat for half an hour until light and elastic. Roll thin, cut out with a biscuit-cutter, put in a pan, and set in a moderate oven to bake until brown.—Ladies' Companion.

—Croquettes.—Two cupfuls of warm mashed potatoes, one-quarter cupful of hot milk, beaten together until light. Add one tablespoonful of melted butter, one-half teaspoonful of salt, a pinch of mace or nutmeg, and enough beaten egg to handle easily. Shape, dip into beaten egg and roll in sifted cracker crumbs. Fry in hot lard until nicely browned. Garnish with parsley.—Good Housekeeping.

—Sunshine Cake.—Whites of ten eggs and the yolks of seven, 1½ cups of granulated sugar, measured after sifting, one cupful of flour, after sifting four times, one teaspoonful of cream of tartar and one of orange extract. Beat the whites to a froth and add the sugar. Beat the yolks thoroughly, and add to them the whites, the sugar and the flavoring. Last of all, stir in the flour. Mix quickly and well. Bake in a slow oven.—N. Y. Ledger.

FASHIONABLE RIBBONS.

The Correct Thing for Trimmings of the Coming Season.

The new ribbons are gay and fascinating, with colors put on as delicately as if done with the brush of an artist. And as they are five inches to six inches and a half wide, importers thereof take great pleasure in announcing that next summer will bring in a "ribbon season." This, interpreted, means that summer hats will be trimmed with ribbons in great part rather than with bias velvet or lace.

Crisp taffeta ribbon is the correct thing, and is shown in a variety so great that it defies description. Warp-painting giving chine blurred effects is a feature of taffeta ribbons, as it is of many of the fabrics of the near future, and is very attractive in its soft, low-toned blossoms on clear grounds of this glistening silk. Sharp contrasts with the grounds are liked. The designs are larger than those of last season—mammoth clover heads, large flowered vines in stripes, marigolds, poppies, carnations and roses; always roses, and yet again roses. Plain colored taffetas with satin edge, or perhaps faintly shot with white, will be used in great widths on fancy straw hats. Ombre taffeta ribbons of very French coloring are the novelty in shaded ribbons, as they change across their width from moss green to Parma violet, from red to turquoise, from rose pink to yellow, from blue to morodore, and from blue to green, a favorite blending of which fickle fashion does not tire. Louis Seize flower stripes are in many lovely colors on white of delicate grounds, sometimes accentuated by line stripes of black. A special novelty is the large checks or plaids of gay colors on white grounds, which are also strewn with flowers.—Harper's Bazar.

USES OF BORAX.

Every Day It Grows More Indispensable to Housewives.

Borax has become almost as indispensable an article in every household as salt and pepper. Nothing will so successfully soften hard water as borax. Use it in the proportion of a large handful to ten gallons of water. The texture of the finest linen and cotton will not be injured by its use. Stains upon tablecloths and napkins can be readily washed out if borax is put in the water. A little borax water boiled in the coffee pot twice a week for 15 minutes sweetens and purifies it. To cleanse window glass simply use warm water and borax, no soap. Wipe dry and polish with crumpled newspapers.

For the shampoo use one teaspoonful to two quarts of warm water. It acts directly on the scalp, keeping it in a healthy condition. As a dentrifice and mouth wash borax is unexcelled. It cleanses the mouth, hardens the gums and relieves cankers. On using it for the teeth make a powder of one ounce each of powdered borax and pulverized castile soap and two ounces of precipitated chalk. Bags made of cheese cloth, about eight inches square, filled with oatmeal, some powdered borax, and a little powdered orris root and used in the bath are delightfully refreshing. A box of powdered borax is indispensable at the toilet table and as a disinfectant, will prove a valuable aid in procuring cleanliness at the kitchen sink. And if it were more frequently used a great amount of waste might be prevented in the larder.—Chicago Inter Ocean.

HAD NO USE FOR MONEY.

How a Texas Farmer Preserved the Integrity of His Chicken Coop.

A farmer who lives about four miles from Houston noticed a stranger in his front yard one afternoon recently, acting in a rather unusual manner. He wore a pair of ducking trousers stuffed in his boots and had a nose the color of an Elgin pressed brick. In his hand he held a sharpened stake about two feet long, which he would stick into the ground, and after sighting over it at various objects would pull it up and go through the same performance at another place. The farmer went out of the house and inquired what he wanted.

"Wait just a minute," said the stranger, squinting his eye over the stick at the chicken house. "Now, that's it to a T. You see, I'm one of de advance corps of engineers what's runnin' de line of de new railroad from Columbus, O., to Houston. See? Dat's what I am. De other fellers is over de hill wid de transit and de baggage. Dere's over a million dollars in de company. See? Dey sent me on ahead to locate a place for a big passenger depot, to cost $27,000. De foundation will commence right by your chicken house. Say, you charge 'em high for dis land. I gives you a pointer. See? Dey'll stand $50,000. 'Cause dey's got de money and dey's got to build de depot right where I says. I has an uncle what ain't doin' nothin' but buying up all de stock in de road that he can. Say, he's over dere wid de surveyin' gang now. He's a big man wid a diamond ring on his left hand. See? Say, I've got to go on to Houston to record a deed for a right of way and I never thought to get 50 cents from de treasurer. He's a little man wid light pants You might let me have de 50 cents and when de boys come along in de mornin' tell 'em what you did and anyone of 'em'll hand you a dollar. You might ask 'em $55,000, if you—"

"You throw that stub over the fence and get the ax and cut up exactly half a cord of that wood, stove length, and I'll give you a quarter and your supper," said the farmer. "Does the proposition strike you favorably?"

"And you are goin' to throw away de opportunity of havin' dat depot built right here and selling out—"

"Yes, I need the ground for my chicken coop."

"You refuse to take $50,000 fer de ground, then?"

"I do. Are you going to chop that wood or shall I whistle for Tige?"

"Gimme dat ax, mister, and show me dat wood, and tell de missus to bake an extra pan of biscuits for supper. When dat Columbus & Houston Grand Trunk railway runs up against your front fence you'll be sorry you didn't take up dat offer. And tell her to fill up de molasses pitcher, too, and not to mind about puttin' the dish of cookin' butter on de table. See?"—Houston Post.

UNCLE WILLIAM'S WISDOM.

Oracular Observations by a Solomon in the Rough.

If I was lookin' for a sucker I'd hunt for the feller who is allus braggin' that he's nobody's fool.

It has allus seemed to me to be a mighty thin consolation fur a poor man to declare that riches don't make happiness.

Somehow or other we don't appear to extract as much comfort out of this life as we really orter. Perhaps it's because my naybur hain't the man he should be.

The feller who mortgages his land to buy a pianer for his house has to try awful hard to find any music in the strings.

I believe in loving my naybur as myself until he begins killing off my hens. Then I'm goin' to buy lace curtains and upholstered cheers to make him feel as bad as he possibly can.

The feller who figured that a clothesline would last six weeks longer if taken down every night was all right as fur as he went, but he might have also figured that it would take jest 12 weeks off'n any man's life to do it. Things is purty nigh right without any figurin' at all.

I once knowed a bank president who didn't chew, smoke, play keerds, attend hoss races, drink beer or use cuss words, but he cleaned out the institution and went to Canada jest the same. I'm allers a leetle bit skeery of angels who walk around on airth.

Even if we never say a word to him about it, it is only human natur' to feel sort o' tickled to know that our naybur's fence is two foot over our line and that we can raise a row any time we want to.

I never yit went to a man and asked him to give me his advice without I had my mind fully made up to believe him a fool if he didn't think as how I did about it. If he was a lawyer, however, and charged me ten dollars, why that altered the case.

I've heard a heap o' men talk about luck in my time, and so fur as I have been able to keep track of individuals, the ones hoein' corn at a dollar a day instead of talkin' on the grocery steps got ahed the fastest.

Now and then you meet a man who has soured on the world and can't see no good in nuthin' nor nobody. In sich cases jest size him up and you'll find a chap so allfired mean that a yaller dog wouldn't foller him.

I have allus admired a hoss-fly in one pertickler. He don't hang around on his relations and wait fur sumthin' soft and tender and juicy to turn up to give him a job, but tackles the fust thing that comes along and is allus ahead of the game.—Detroit Free Press.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere. Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

HOW THE PEOPLE WERE BUNCOED

Notice Published in all the Daily Papers of this City, Feb 24 h and 25th, by Mayor Stansbury.

Notice is hereby given that on Tuesday, Feb. 25 h, 1896, an opportunity will be offered to the TAX PAYERS of the city of Middletown to VOTE on the proposed amendment to the city charter relating to the elections, and that the action of the Mayor will be governed by the RESULT OF THIS ELECTION, either for APPROVAL or DISAPPROVAL

For such election there will be appointed two Republican inspectors and two Democratic inspectors, one Republican clerk of election and one Democratic clerk of election.

Ballots will be furnished FOR the proposed amendment and AGAINST the proposed amendment, and no written or mutilated ballots will be counted.

Taxpayers only will be allowed to vote, the last tax roll to govern.

Polls will remain open from 2 o'clock p. m. until 8 o'clock p. m, on Tuesday, Feb. 25th, at the Corporation Rooms, on Centre street.

W. K. STANSBURY, Mayor.

RESULT OF VOTE—FOR THE BILL 157; AGAINST THE BILL 411.

From the New York Tribune Feb 28th

It never pays to practice sharp politics for partisan ends.

The party that takes advantage of temporary ascendancy to perpetuate itself in power never succeeds in its purpose.

No party can afford to trifle with the people, and almost any party is liable, if given rope enough, to hang itself.

The towns in this county, not having been disfranchised by act of the Legislature, will hold town meetings, to-morrow. In all the towns hereabouts the Democrats have excellent tickets in the field and are confident of making a good showing at the polls.

The single election bill would not and could not have been forced upon this city had it not been for the persistence of the Republican City Committee. That body, responsible to no one but itself, having decided that it was not safe to risk an election, this spring, saw no way out but by depriving citizens of the right to elect their rulers. It never weakened in its purpose, and when any of the city officials showed signs of a wish to evade the dirty task set for them to do, he was promptly taken in hand and disciplined. For government by the people, government by the Republican City Committee has been substituted. Instead of government for the people we have in this city government for the supposed benefit of the Republican party.

In this country, no power is lodged in any legislative body, or in any executive officer, to extend the term of any elective officer beyond the period he was elected to serve. In this the people are supreme; they and they alone can act, and they speak through the ballot box.

Some of the Republican leaders profess to be greatly delighted at their success in carrying through the bill to disfranchise the people of Middletown and to force on them a government not of their own choosing. Despite this apparent "chipperness" many staunch Republicans are not unwilling to admit that it has been a great mistake, and that if they had it to do over again they would not do it.

The organs of the gang, who buncoed the citizens of Middletown, have commenced to white wash the participants in that outrage. Mr. Bedell whose action or inaction permitted the Governor to be imposed upon by the committee of office grabbers (we do Gov. Morton the honor to believe he would not have signed the bill if he had known the true situation) is just now receiving a liberal application. We very much fear there will not be enough to go around. It will require many coats of whitewash to make some of these men presentable in the eyes of their fellow men.

DEMANDING THE REGISTRY LISTS

The Police Call on Inspectors to surrender the Registry Lists—Democratic Inspectors Keep Their Books—Reason for This Move.

Members of the police force, acting under orders from city officials, demanded, yesterday and to-day, of the inspectors of the election, the registry books, prepared in anticipation of an election, to morrow.

Some of the Republican inspectors gave up their books,—others did not. Almost without exception the Democratic inspectors refused to surrender their copies of the lists.

The reason given, to-day, for calling in the books, is to guard against the possibility of the inspectors meeting at the polling places, to-morrow, and claiming pay for another day's service. The absurdity of this pretense is evident when it is remembered that the bills of the inspectors go before the Council for audit and that that body need pay for no more days' service than in its judgment were legally performed.

The real reason for demanding the surrender of the books was to forestall the possibility of the Democrats going through the formality of an election, to-morrow, in order to make a case to test the constitutionality of the single election law and the hold-over government for which it provides.

In refusing to give up their books the Democratic inspectors clearly acted within their legal rights. If the books are the registry lists of an election the law provides for their return to the City Clerk, on Wednesday. If they are not the registry lists of an election there is no law governing their return and the inspectors can return them at their convenience or not at all if they feel like keeping them as curiosities.

STATE-MAKING FOR PARTISAN ENDS

From the New York Evening Post.

The new States have wrought the undoing of the Republican party. But the Republican party made the new States for the sole purpose of securing an unfair advantage. It brought upon itself the punishment which it now suffers.

The Democratic City Committee Takes Counsel With Mr. Vanamee.

At a meeting of the Democratic City Committee, Saturday evening, there was a free and full discussion of the political situation. There was no disposition on the part of any of the members to urge hasty action, but in view of the emphatic declaration of the citizens of Middletown against the single election bill,—at the two meetings in the Assembly Rooms and through the ballot box at the taxpayers' election called by the Mayor,—the committee felt that its duty to the Democratic party and to the citizens generally required that it should avail itself of every legal and constitutional right that it was advisable to assert.

To the end that the committee might be advised as to the legal rights of the people and as to what action, if any, it was advisable to take to maintain those rights, Mr. A. E. Ludington, the chairman of the committee, was instructed to go to Newburgh, yesterday, and consult Mr. Vanamee in regard to the matter.

Mr. Ludington saw Mr. Vanamee, who said that he had not looked up the questions involved and was not prepared to give an opinion offhand. He would, however, look into the matter and would see Mr. Ludington at his office in this city at 3 o'clock, this afternoon, and advise him as to the course that it was best to pursue.

At the time of going to press the consultation with Mr. Vanamee is still in progress.

STRANGEST BET ON RECORD

Rolling a Peanut With a Toothpick Up a Steep Newburgh Hill.

From the Newburgh Telegram.

There are many crazy bets on record and the other night the list was extended by the extraordinary spectacle of a man rolling a peanut up Second street, from Water to Liberty, with a wooden toothpick as a lever. He wasn't permitted to touch the peanut with his hands, and the operation was slow and laborious. Commencing at 9 o'clock he reached Grand street at 11 o'clock. His difficulty was greatest, of course, between Water and Montgomery, the peanut occasionally rolling half way down the hill to the great merriment of the party that accompanied the victim of a rash bet on the Fitzsimmons-Maher prize fight.

SUPREME COURT, SPECIAL TERM.

Some of the Cases Tried Before Judge Dickey Saturday — The Wawayanda-Middletown Case to Occupy Two Days

At Judge Dickey's special term of the Supreme Court in Newburgh, Saturday, most of the day was taken up with a Haverstraw case and another from Port Jervis.

The case of the town of Wawayanda vs. the city of Middletown was to have been tried, but Mr. O'Neill, of counsel for Wawayanda having stated that it would require much time, there being fifty or sixty witnesses to examine, the judge put the case over until next Saturday and suggested that two days be devoted to its trial.

The Port Jervis case referred to was a dispute over the sale of a house in which Sarah A. Skinner was plaintiff and Edward C. Bierne, defendant. Wm. Vanamee, Esq., was attorney for plaintiff and Hon. Henry Bacon, Esq., for defendant. Argument was heard and papers submitted to the court.

Other cases were:

Geo. M. Dusenbury vs. Charles C. Dusenbury and others. Motion for an order in interlocutory judgment. Granted.

Goshen Savings Bank vs. Hamilton F. Magrath and others. Motion for judgment in foreclosure and sale. Granted.

Fannie G. Howell vs. Henry Munich. Motion for judgment in foreclosure and sale. Granted.

Julia E. Ellsworth vs. Ellen S. John Brown. Motion for judgment in foreclosure and sale. Granted. W. C. Anthony appointed referee.

John McGuinac vs. Maria Hodge and others. Enter in Sullivan Co. Motion for judgment in partition and sale. Granted.

Saved From Drowning by His Great Lung Power.

Levi Howell, of Dingman's Ferry, is a man of mightly lung power. While crossing the Delaware, a few evenings ago, he walked into an air hole. He managed to keep his head above water and called so lustily for help that his shouts were heard by Wes. Van Auken, in his house a mile away. He hurried to the assistance of the drowning man and was able to rescue him.

Last Entertainment in the Y. M. C. A Course.

Miss Carrie Louise Ray reader and impersonator who reads, this evening, March 2nd, at the First Presbyterian Church, is said to occupy a high position and stands easily, in the front ranks of lady readers.

This is the last entertainment of the Y. M. C. A. course. Help the good cause along.

Builders Expect an Active Season.

Builders say that the outlook for a brisk season is fairly good. Many people who are planning to build houses are looking about and asking for estimates. Work on the new school house is also expected to give employment to many masons and carpenters.

Very Early Asparagus.

The *Union* says that Charles E Barkman, of Port Jervis, has already cut home-grown asparagus. He covered his bed every thickly with manure, last fall, and owing to the mildness of the winter growth started and he has cut some short stalks of beautifully blanched asparagus.

INCIDENTS AND HAPPENINGS IN GOSHEN.

The Duty of Democrats—At the Presbyterian Church—Change of Date—Cataracts' Monthly Meeting.

From Our Regular Correspondent.

—The voters who compose the rank and file of Goshen's Democracy do not as a rule shirk their duty. There is no earthly reason why they should go contrary to the usual custom this year. No better men could have been chosen on any ticket than the Democratic nominees. See that you vote that ticket, to-morrow, and vote it straight.

—The Rev. Floyd A. Crane occupied the pulpit in the Presbyterian Church, yesterday morning.

—Frank Hill is confined to his home by a severe attack of the grip.

—The date of the Republican Assembly District Convention, at Goshen, to select delegates to the State Convention in New York, has been changed from March 18th to 21st.

—Cataract Engine and Hose Company will have a regular monthly meeting, Friday night.

DANCING AT CHURCH SOCIABLES.

The Young Methodists of Sloatsburgh Give Their Elders and the Pastor a Great Shock.

The question of dancing at church sociables has long been an issue among the members of the Methodist Church at Sloatsburgh. The younger members believe that Christianity and dancing are compatible, but the older ones and the pastor, Rev. Mr. Kikelhan do not.

The young people say the sociables are dry and uninteresting. They proposed among themselves to make them more interesting and at the same time settle the question of dancing at these gatherings.

Last Wednesday night a sociable was held at Robert McCready's and more than the usual number of young people were present. The pastor was especially pleased until he saw the young people form in sets and he was invited to join in the dance.

He forbade the dance and then begged the dancers to stop, but the dance went on and the dominie and his backers went home.

What the outcome will be remains to be seen.

Miss Ray's Reading To-night.

Be sure and hear Miss Ray read in the Y. M. C. A. course at the First Presbyterian Church, to-night. The Beverly, Mass., Times, says of her:

Without exception Miss Ray is the finest reader that ever appeared here. She used excellent judgment in avoiding those selections that are worn thread-bare by public readers, and the audience enjoyed something fresh and pleasing.

Attempted Suicide in Newburgh.

Edmund Monroe Doyle, a carpenter, shot himself in the breast at his home in Newburgh, Sunday evening. The bullet just missed his heart, but the wound is fatal. He was undoubtedly insane when he fired the shot and although conscious has not been able to talk coherently.

His Fingers Crushed.

Joseph Kain, a boy whose home is on East Main street, had two of his fingers crushed in a machine in the saw shop, this morning. Dr. Hulett, who dressed the injured members, believes amputation will not be necessary.

Drifts in the Country Roads.

The snow is drifted quite badly in exposed localities on country roads. There were several quite deep drifts between this city and Springside, this morning. One at David Kirby's, near Springside, is four feet deep.

Thousands have tested the great building-up power of Hood's Sarsaparilla and have found renewed strength, vigor and vitality in its use.

A Future Convenience.

Diggles had been working hard for a long time with a refractory heating apparatus. He came out of the basement with blue fingers and a red nose, and an expression of repressed emotion on his face.

"Maria," he said, "there's one comfort about it."

"What is it?"

"We needn't worry about ice next summer. I think I have struck a plan that's entirely reliable. If we want to get anything good and cold we'll take it down and put it into that heating apparatus. Only we must be careful not to leave it too long, or it'll freeze."—Cincinnati Commercial-Gazette.

A Railroad Official's Experience.

MR. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed any severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience" EDW. EDMONDS.

AWAY AHEAD.

Of the "Elixir of Life"—Mrs. Jennie Hinds, of No. 1412 Grape street, Syracuse, N. Y., Tells How she Was Rejuvenated,

From the Syracuse Herald.

Many medical men have spent years in an endeavor to find a combination that can truly be called the "elixir of life." Some men have claimed to have found it, but when tried "was found wanting." This is just why the preparation we are going to tell you about is away ahead of any elixir of life. It has been tried and "found all there," and just as represented, It won't renew an old life, but it will reback an old back, and, as Mrs. Hinds says, make one feel young again, simply because you feel old from pain and suffering. Our representative called at No. 1412 Grape street, and this is what Mrs. Hinds told him for publication: "When a young girl I had scarlet fever, which left me with kidney complaint; my back has always caused me great suffering; it was never free from pain. Often I was forced to take to my bed for days and even weeks at a time. I have taken every remedy I ever read about or that my friends suggested. I have been treated by different physicians, and with each failure I was on the verge of despair. Such was my condition when I began to take Doan's Kidney Pills. Like a drowning man grasping for a straw, I looked to them for possible relief I was under a doctor's treatment at the time, but laid his remedies aside that had not helped me, but I had clung to them simply because he was a learned man. Thanks to the inventors of Doan's Kidney Pills, for they surpass all physicians' compounds. I had not taken them over four or five days before I felt they were a great rejuvenator. To-day I am completely cured. I can and do take long walks; stooping over does not hurt me a particle, while once I could not pick up the smallest object. No more pain like drawing knives through the kidneys; no more headache or tired, weary feeling. Why, I used to suffer with pain whether sitting, standing, or lying down. I now feel like a new person, and give all credit to Doan's Kidney Pills, which I recommend to every sufferer."

A MARTYR
—TO—
INDIGESTION
Cured by Using
Ayer's Sarsaparilla

Words of Comfort to All who Suffer from Dyspepsia.

"For years, I was a martyr to indigestion, and had about given up all hope of ever finding relief, as the complaint only seemed to grow worse instead of better, under ordinary treatment. At last, I was induced to try Ayer's Sarsaparilla, and I hereby testify that after using only three bottles, I was cured. I can, therefore, confidently recommend this medicine to all similarly afflicted."—FRANKLIN BECK, Avoca, Ia.

"I am personally acquainted with Mr. Beck and believe any statement he may make to be true."—W. J. MAXWELL, Druggist and Pharmacist, Avoca, Ia.

"I have used Ayer's Sarsaparilla for general debility and, as a blood-purifier, find it does exactly as is claimed for it."—S. J. ADAMS, Ezzell, Texas.

A Great Battle.

Do consumptives recover? Yes, thousands of them. Even after the disease has a firm hold? Yes, no doubt about it. After cavities have been formed and hemorrhages have occurred? Yes, even then. If the system is too weak, the disease will probably conquer, but if the body can be reinforced there is a fair chance for a winning fight. For twenty years, thousands have testified how they gained the victory.

Scott's Emulsion

of Cod-liver Oil with the Hypophosphites is still coming to the rescue. Out-door life, fresh air, and good pluck are of immense value. But in addition to these the body must be supplied with that peculiar kind of fat which is found only in cod-liver oil; combined with valuable medicinal agents; and there must be the tonic effect which comes from the hypophosphites. It is a great battle, and a great victory is often gained.

"Just as Good" is not SCOTT'S EMULSION.

To Be Avoided.

As the young man entered the reading-room of the club there was a sudden exodus in the direction of the billiard-room.

"Wilbur seems to have become suddenly unpopular," said one of the men in the far corner, as he noticed it.

"Well, the boys do rather avoid him," returned the other.

"For what reason?"

"Why, his first baby has just reached the age where it says bright things."—Chicago Evening Post.

Live Art.

"You really have no art development in America, have you?" said the Englishman to the Chicago girl at Interlaken.

"Why, certainly," she replied.

"Have you a Louvre, or a national gallery, or an Uffizi?" he asked.

"Well—no, not exactly," said she. "Fact is, we don't bank much on the past, but our living pictures are out of sight."—Harper's Bazar.

A Cold World.

"What brought you to this place, my friend?" inquired a visitor at the penitentiary of a convict.

"A mere matter of opinion got me here, sir."

"Impossible!"

"No, sir. I expressed the opinion that I was innocent, and the jury expressed the opinion that I wasn't. It's a cold world, sir."—Bay City Chat.

Surely an Error.

"That's a curious printer's error," said Mrs. Partridge. "The title of this new book is printed 'The Viking Age.'"

"Well, why not?" asked Mr. Partridge. "What ought it to be?"

"Why—'Biking Age,' oughtn't it?"—Boston Globe.

How to Be Handsome.

It is a mistake to suppose that the only way to be good looking is to be born so. Good health has more to do with good looks than anything else. Such diseases as constipation, dyspepsia, liver complaints, rheumatism, nervous disorders, &c., not only shorten life, but spoil tempers and "looks." Bacon's Celery King for the nerves cures these troubles. John J. Chambers sells it and will give a sample package free. 8

A Baby's Life Saved.

ADDISON, N. Y., April 8, 1894.—Hand Medicine Co.:—"I feel it my duty to write you in regard to my little daughter's sickness from teething and indigestion. She is seven months old. Two of the best physicians gave her up. One bottle of Dr. Hand's Teething Lotion relieved her so much that we tried Dr. Hand's Colic Cure also, and at once saw a change for the better. These remedies saved my baby's life.—Mrs. Wellington Brown." Dr. Hand's Colic Cure and Dr. Hand's Teething Lotion sold by all druggists, 25c.

Chronic Rheumatism Cured.

Dr. H. B. Hettinger, Indianapolis, Ind., says: "For several months after spraining my ankle I was badly afflicted with Rheumatism. I finally tried Detchon's 'Mystic Cure' for Rheumatism, and in 4 days could walk without my cane; two bottles cured me sound and well. I take great pleasure in recommending the 'Mystic Cure' to all who are afflicted with Rheumatism. Sold by J. E. Mills, druggist, Middletown, N. Y,

A Note From the Editor.

The editor of a leading paper writes: "If you had seen my wife last June and were to see her to-day you would not believe she was the same woman. A BUSINESS CHANGE.

Two New Firms Embarked in Business, To-day.

Two new firms embarked in business, this morning,—Houston Bros. and Howell & Webster. The former is composed of Messrs. Robert H. and John M. Houston and the latter, Joseph A. Howell and D. H. Webster.

Messrs. Houston Bros. become the proprietors of the retail flour and feed business at the corner of North and Depot streets and of the grist mill on Mill street and Messrs. Howell & Webster of the wholesale grain and feed business at the corner of North and Depot streets.

The retail grain and feed business was established in 1868 by Mr. D. D. Houston, who at the same time purchased the grist mill, the business being carried on at the mill. About four years later, Mr. H. S Conkling was taken into partnership and the firm name became Houston & Conkling. In 1874 the retail business was transferred to the present store and the wholesale and shipping department established,

The entire business was conducted by this firm until 1884, when the Middletown Bank failed and dragged the firm down with it. Mr. Robert H. Houston, now deceased, then took possession of the property and admitted D. H. Webster and J. A. Howell to partnership under the firm name of Houston, Webster & Co.

Three years later Mr. Houston turned over his interests to his grandson, Robert H. Houston, Jr, and the business was continued until to-day by these gentlemen.

Mr. J. M. Houston, the junior member of Houston Brothers, has been employed by Houston, Webster & Co. for the past five years and has shown that he has business abilities that eminently fit him for membership in the firm.

Messrs. Houston Brothers have purchased of the Houston estate the grist mill on Mill street, which was recently fitted with new boilers and put in thorough repair. The mill was erected in 1839.

There will be no change in the employes at the mill or store. One of these is Patrick Powers, who has been in the employ of the Houston family for over thirty years

OBITUARY.

J, E Bennett

From our Bloomingburgh Correspondent

J. E. Bennett, one of the oldest citizens of Eastern Mamakating, died about midnight Saturday night at the home of his son, Charles, near Bloomingburgh.

Mr Bennett was eighty four years old and was very active and well preserved. He walked to Bloomingburgh, Thursday last, to get shaved, as was his custom each week, and seemed to be in the enjoyment of his usual health. That evening, however, as he was on his way up stairs to bed, he was suddenly stricken, it is supposed by apoplexy and fell backwards down the steps. He never rallied and died as above stated.

Mr. Bennett leaves three sons, Charles, of this place, in the employ of the government at Washington; Cyrenius, also of this place, and James, of Cleveland, O

The funeral will be held, Tuesday at 2 p m, from the house.

Rev William P Kenney

Rev. William P. Kenney, rector of St. Mary's Church at Milton, Ulster county, and until about two years ago in charge of the Roman Catholic churches at Otisville and Wurtsboro, died Friday, in Charleston, S C. He was on his way to Florida, in the hope that the change of climate would benefit his health.

THE CAMPAIGN IN WARWICK

Republicans Fight—And a Democratic Printer Profits

As a result of the bitter factional fight between the Durlandites and the Anti-Durlandites in Warwick, the *Dispatch* (Dem) has been awarded the printing of the ballots by the Republican Town Clerk, C. R. Cline, Jr.

Town Clerk Cline, acted on Supervisor Durland's orders to punish Editor Tate of the *Advertiser* for making a red hot speech against "Boss" Durland's nomination in the Republican convention. Although Mr. Tate opposed Durland's nomination, his paper came out loyally for Durland last Thursday; but this did not appease the wrath of the "Boss," who was determined to punish him by giving the printing to the Democratic organ. Now Mr. Tate's friends are up in arms and the indications are that the "Boss" will hear something drop to-morrow.

In Democratic Hands at Last

The Newburgh post office was transferred Saturday night by Postmaster Sneed to his successor, Mr. L. W. Y. McCroskery.

A BODY BLOW TO HOME RULE.

From the Albany Argus.

The history of the Middletown charter election bill is one of the worst examples of Republican indifference to home rule and the wishes of localities that has been witnessed in some time. The bill provided for changing the charter elections of that city from spring to fall. It was one of a dozen whose purpose was under the specious pretense of economy to extend for some months beyond the time for which the people had elected them, the terms of the present Republican local officials.

The bill was prepared by a clique of Middletown Republican politicians. Much secrecy was observed with regard to it, both in Middletown and at Albany. The bill was hurried through the Legislature, the Democrats being scarcely aware that such a bill was in existence until it was well on toward the order of third reading. Having passed it was sent to Middletown for the action of the local authorities. The members of the Common Council were hastily called together at midnight and approved of the bill extending their own terms. Mayor Stansbury, although a Republican, seems to possess the rudiments of a conscience. The city conventions had been held and he had not been renominated,—perhaps because of the existence of the conscience aforesaid. He sensed the indelicacy of approving, under these circumstances, a bill to extend his own term of office. Instead, he called a special election at which the taxpayers of the city were asked to vote upon the proposition of postponing the spring election. The election was held on Tuesday last and the majority against postponement was more than two to one.

On Thursday Governor Morton signed the bill. He believed, or was led to think he believed, that the formal action of the Middletown common council should have more weight than that of the people expressed at the special election.

Think of the absurdity of the proposition Here was a common council which, at a midnight meeting, voted to approve a measure extending the terms of its own members, and yet the Governor of the State accepted that action as against the vote of a special election declaring that the people of Middletown desired nothing so much as an opportunity to terminate the service of the very men who are voting themselves an extension of term!

More Tools of the Bloomingburgh Burglary Found.

There is as yet no clue to the burglars who robbed the post office and blew open the safe in J. K. Evans's store in Bloomingburgh, Friday night. A quantity of tools, that had evidently been brought by the burglars for use, if necessary, were found, Saturday, under the shed of J. F. Bennett's hotel. It is said they were stolen from the railroad tool house at Winterton, and this suggests that the burglars were perhaps "local talent" or at all events came from somewhere in this section.

The Thalia Club Will Entertain State Hospital Patients

The Thalia Club will give its third entertainment for the amusement of the patients of the State Hospital, this evening. The programme will consist of piano duets by Mrs. Arthur and Miss Munger; "The celebrated Peak sisters from Alaska," by the ladies of the club; an original poem by Mr. Alex. Russell, and will conclude with the comedietta in one act entitled, "A Proposal Under Difficulties," by Mrs. Ashley, Dr. Barrus, Mr. Clark and Mr. Ewer.

The Country Roads in Vile Condition.

The frost came out of the ground so rapidly, Saturday and yesterday, that the country roads were deep with mud in many places and those who had to go into the country, yesterday, found the traveling decidedly "tedious." The snow, falling on a soft bottom, will make the mud a great deal deeper, and for a week or two it is probable that the roads will be in vile condition and that farmers who have to make long daily trips with their milk will find it weariness and vexation of spirit.

February's Very Heavy Rainfall

The month of February will have a noteworthy place in meteorological annals because of the great quantity of rain that fell. There were two storms in which the precipitation was unusually heavy. The rainfall year in and year out averages about the same and February's two great storm have evened up for the protracted drought of last fall.

To Be Married To-morrow Evening.

Mr. Isidore C. Snow, of Boston, accompanied by his father, mother and sister arrived in town, Saturday, and are the guests of Mr N. Schellenberg. Mr. Snow and Miss Bella Schellenberg will be united in marriage, to-morrow evening at 6 o'clock at the Assembly Rooms.

Rallying Song of the Tenth Legion.

Through the kindness of Mrs. S. A. Read, of Bloomingburgh, we have been furnished with the following complete copy of the Rallying Song of the Tenth Legion, written by A. D. DuBois, two verses of which we printed a few weeks ago:

We have come from the mountains—
We have come from the mountains—
We have come from the mountains
Of the old Empire state.
With the stars and stripes above us,
And the prayers of those that love us,
Every single soldier of us
Is prepared for any fate

We have left our cheerful quarters
By the Hudson's smiling waters,
And our wives and sons and daughters,
For the fierce and bloody fight
But they need not deplore us
With the foe encamped before us,
For the God who watches o'er us
Will Himself protect the right.

From the Delaware we rally,
From the Mamakating Valley,
And to combat for the right we sally,
When our bleeding country calls—
From the Shawangunk Mountains hoary,
And the Minisink, whose story
Tells what recompense of glory
Waits the soldier when he falls

From old Sullivan we muster—
She is loyal we can trust her—
And from Orange and from Ulster,
And from bright Chehocton's banks,
And there's plenty in those regions
For a dozen more such legions,
All as sturdy as Norwegians,
And prepared to fill the ranks

Then where er our country needs us,
And where er our banner leans us,
Never heeding what impedes us,
We will follow to the death;
For the patriot must not falter,
When his country's foes assault her,
And profane her sacred altar
With their pestilential breath

May our flag float on forever
O'er a Union none can sever,
And may vile secession never
Spread its ruin through our land;
May our country's wrongs be righted,
And her children reunited,
And her flag no more be blighted
By the touch of treason's hand.

THE RENTING SEASON

Houses and Rooms in Good Demand—No Increase in Rents.

The demand for houses and rooms to rent in this city has been good, this spring, and all desirable houses and apartments were quickly taken. There has been no advance in rents, on the contrary owners of properties without modern conveniences have been willing to make slight reductions in order to retain good tenants or to make certain that their houses would be occupied.

Harbingers of Spring at Fault.

The air was made noisy, Saturday night, with the hoarse cries of flocks of wild geese and swan passing northward over the city. The birds were, most likely, bewildered in the dense fog, which for some hours had enwrapped the country as far south as Hatteras. Popular belief has it that when these long distance migrators take wing for the North Pole springtime is at hand, but it don't go this time.

Archdeacon Thomas at Grace Church, Wednesday Evening

It was announced at Grace Church, yesterday, that the Lenten sermon, this week, would be preached on Wednesday evening instead of Thursday by the venerable W. R. Thomas, D. D., Archdeacon of Orange.

Reprimanded and Discharged,

David Graham, a chronic visitor to police court, made his appearance again yesterday morning. He was locked up Saturday night upon the old charge of intoxication. He was reprimanded and discharged.

AN INVITATION.

It Gives Us Pleasure to Publish the following Announcement.

All women suffering from any form of illness peculiar to their sex are requested to communicate promptly with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only.

A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America.

This confidence has induced more than 100,000 women to write Mrs Pinkham for advice during the last few months.

Think what a volume of experience she has to draw from! No physician living ever treated so many cases of female ills, and from this vast experience surely it is more than possible she has gained the very knowledge that will help your case

She is glad to have you write or call upon her. You will find her a woman full of sympathy, with a great desire to assist those who are sick. If her medicine is not what you need, she will frankly tell you so, and there are nine chances out of ten that she will tell you exactly what to do for relief. She asks nothing in return except your good will, and her advice has relieved thousands.

Surely, any ailing woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound, and never in the history of Mrs Pinkham's wonderful Compound has the demand for it been so great as it is to-day.

Bridges Swept Away—Sale of a Farm

Correspondence ARGUS and MERCURY

—The foot bridge was carried away by the high water Friday night as was also one of the aburments erected for the temporary bridge.

—The Decker farm, on the mountain, was sold Saturday at J. F. Bennett's. It was purchased by Mr. Charles Hultslander for $2,850.

The blue-bird is hailed as a harbinger of Spring. It is also a reminder that a blood purifier is needed to prepare the system for the debilitating weather to come. Listen and you will hear the birds singing: "Take Ayer's Sarsaparilla in March, April, May."
